BENJAMIN HOCKLEY

16 Colum Road, Cardiff CF10 3EG | 07305
456134 | hockleyben4@gmail.com

OBJECTIVE

I am a 2nd Year Applied Software Engineering student at the National Software Academy at Cardiff University. I am looking for a summer internship in a related field such as Software Engineering or Cyber Security.

SKILLS & ABILITIES

I am fluent and Confident in writing secure and functional web applications using both front-end technologies such as JavaScript and React, as well as using back-end technologies such as Spring MVC and Python Flask.

EXPERIENCE

Dates From-To

Part-time staff, *W Taylor Butchers, Ashby de la Zouch*

· Served customers and took orders at the till.

· Managed stock and inventory, co-ordinated deliveries and kept the store clean and organized.

· Promoted to Team leader and helped train new part-time staff.

EDUCATION

September 2023-June 2026

BSc Applied Software Engineering, Cardiff University.

Projected 2:1

As part of my degree, I have learned a variety of industry applicable software development skills, including Web development, Commercial Java development, Cyber Security, Agile Project management and Database Systems.

I have also worked with Legal and General to produce a software for communication and morale boosting for their employees.

ABOUT ME

In my spare time, I play American Football for Cardiff University and play 5-a side football with my friends. Playing sport has helped me improve my teamwork and leadership skills. I also enjoy programming my own games and listening to live music.
